

Safeguarding

Our school is dedicated to looking after all our children the best we possibly can. Safeguarding covers children's physical, social and emotional well-being and runs alongside our work on Health and Safety and E-safety.

The school has a Safeguarding Policy that is in line with recommendations from NSSCB. The policy is reviewed annually by governors and is a working document that reflects our practise. It's available on the policies section of our website.

Part of our responsibility in this area is to work with outside agencies such as Educational Welfare or Social Care to make sure all pupils are kept safe. This means that at times we are obliged to pass on concerns or information to these agencies. The school will always do this in consultation with parents unless to do so could put a child at risk.

“Safeguarding the rights of others is the most noble and beautiful end of a human being” – Khalil Gibran

Please do not use your mobile phone in our school.

If you have a concern or are concerned in any way about a child's welfare or safety, you must speak to one of the following:
